

### REMARKS/ARGUMENTS

The Notice of Non-Compliant Amendment argued that each claim has not been provided with the proper status identifier, and as such, the individual status of each claim cannot be identified. The Notice further stated that Claim 13 markings showing changes made are missing.

In response, the status identifier for Claim 13 is "Currently Amended." The June 29, 2009 Amendment added Claim 13 as a new claim, and with our filed Amendment dated November 17, 2009, Claim 13 was then amended. With this correction Claim 13 now completes the listing for all the claims.

The undersigned did not receive the Notice of Non-Compliant Amendment (37 CFR 1.121), dated December 16, 2009, and was unaware that our Amendment filed on November 17, 2009 by EFS was not in noncompliance.

In view of the foregoing, it is requested that this patent application be revived from abandonment and favorable reconsideration and allowance of this application are respectfully solicited.

Respectfully submitted,
